Smith Secured

Office Furniture, Abstract Books and Records Were

Gen. T. P. Steffy Explains Smith's Going Away, and Says Business Did Not Pay.

ADDITIONAL information gained yesterday concerning the disappearance of R. H. Smith, president and general manager of the Deseret Abstract company, confirmed the theory advanced in Saturday morning's Tribune that Mr. Smith had simply left the city quietly on account of the unprosperous condition of his business and in the hope of recouping his fortunes in other fields. It was found that just before leaving Mr. Smith executed to Rachel Sutter as security for a \$200 loan a chattel mortgage on the office furniture, abstract books and records, which from their description are taken to be the property of the Deseret Abstract company. The mortgage, however, is given by Mr. Smith personally, and not as an officer of the company, a circumstance which is possibly accounted for by the fact that Mr. Smith virtually owns all of the stock of the company.

Filing of Mortgage Suggests Rumors.

It was probably the filing of this mortgage which led to inquiries concerning the affairs of the company being made by commercial agencies and others, which in turn led to the discovery of his disappearance, which was so freely made.

The offices in the Auerbach building occupied by the Deseret Abstract company have for some time past been shared with Gen. T. P. Steffy, who has no interest in the abstract business, but who has been interested to a considerable extent with the Smith in the matter of all lands west of this city. Mr. Smith left some accounts with Mr. Steffy for collection, but he did not inform the General before leaving of having placed the mortgage on the property.

Gen. Steffy's Statement.

In discussing the matter yesterday Gen. Steffy said: "The occasion of Mr. Smith's leaving was due to the fact that for a number of months he had been fully satisfied that the business in which he was engaged in the city would not support him. He put in considerable money in the abstract plant and had spent a great deal attempting to make it a success, but on account of the large number of such plants in the city it failed to pay expenses. Mr. Smith, of course, could not continue such a business, at such a sacrifice. He was, therefore, compelled like any sensible honest man to look out for new fields of labor, at least until the abstract business of Salt Lake City had been liquidated."

"His abstract books were left here with the intention and understanding that if the business in this city sufficiently revived he would come back and take charge of the plant and operate it. He left for the East only for the purpose of seeking new fields of labor in which he might support his family and to settle up some matters of business. In Illinois, he had informed a number of his friends of the fact that he intended to leave and assigning the reasons. Since he left he has communicated with both myself and his family, who have stayed here and who will remain here, but he has not returned, and if not they will join him at some future time."

Three Vetoes by Mayor.

Three vetoes were signed yesterday by Mayor Morris. One was the resolution of Councilman E. H. Davis in regard to the contract with J. W. Melton for grading North Main street.

The reason the Mayor gives for his action is that it is contrary to the ordinances and the statutes to let contracts go without first advertising and obtaining bids.

Another is the report of the Committee on Waterworks and Engineering and the City Engineer in the matter of the petition of the Utah Ice and Cold Storage company.

The other veto is on the petition of John F. Wilkins and others to establish a temporary sidewalk grade on West Temple street between Seventh and Eighth streets. The reason given for this is that the lowering of the grade would result in a lack of proper drainage.

Anna L. Warner Gets Divorce.

Anna L. Warner was granted a divorce yesterday by Judge Lewis from her husband, Harry J. Warner, who is now in Seattle. Her maiden name of Connor was restored to her. The grounds on which the petitioner sued were desertion and non-support. They were married in Salt Lake in July, 1926.

Not Dr. F. P. Meakin.

It was Edward Meakin, and not Dr. Frederick P. Meakin, who was operated upon for appendicitis at the Keogh-Wright hospital.

COMPETENT JUDGES.

Beauty Doctors Indorse Herpelids.

Women who make a business of beautifying other women come pretty near knowing what will bring about the best results. Here are letters from two, concerning Herpelids.

"I can recommend Newbro's Herpelids as it stopped my hair from falling out, and, as a dressing it has no superior."

(Signed.) Bertha A. Trullinger, "Complexion Specialist," 224 Morrison St., Portland, Or.

"After using one bottle of Herpelids my hair has stopped falling out, and my scalp is entirely free from dandruff."

(Signed.) Grace Dodge, "Beauty Doctor," 106 Sixth St., Portland, Or.

Sold by leading druggists. Send 10c in stamps for sample to The Herpelids Co., Detroit, Mich.

COPPER RATES GREATLY REDUCED

Utah Placed on Equality With Montana on Rates to Atlantic Points.

THE RAILROADS of Utah have made a concession that will be a splendid news to the copper producers of this commonwealth, as well as a stimulation to further development of copper mining in the State. Heretofore the rate from Utah to Atlantic seaboard points, where most of the copper is sent, has been \$14.35 per ton, against \$10 a ton from the big centers of Montana. The Utah rate has now been reduced to the same as that of Montana, \$10 per ton, and the local roads have issued tariffs covering the same. This action has been taken to place Utah on an equality with Montana, owing to the fact that this State is so rapidly becoming quite a decided factor in the copper-producing market. The Highland Boy, United States and Binghamton Con. smelters at the low end of Salt Lake valley produce more than a million pounds of metal, not more, and the Newhouse properties will later greatly swell this monthly output to say nothing of what might be developed later on. Thus, it will be seen that it will result in a large saving to the producer each year.

The details of the tariff are as follows: Copper matte, black and pig copper, bar, anode, ingot copper, refined, to valuation of \$100 per ton, carloads, minimum weight, 40,000 pounds. From Utah common points as described in trans-Missouri freight tariff, etc. To Boston, \$10.40 per ton; to New York and Perth Amboy, \$10.40 per ton; to Philadelphia, \$9.40 per ton, and to Baltimore, \$9.40 per ton.

The important figures in the above are the rates to Perth Amboy and New York, where the greater per cent of the copper is shipped, although a still lower rate is given to Baltimore and Philadelphia, and a higher rate to Boston.

It will be good news to the copper producers as well as to the general mining interests of the State.

STRINGENT ORDER AS TO FILES AND PAPERS

In the order of the courts directing that none of the files or papers in any case shall be taken from the County Clerk's office except upon an order of one of the Judges, an innovation has been made which will be welcome to many persons.

Hitherto it has been the practice of nearly every lawyer to take any files or papers wanted and keep them for an indefinite time. Since Statehood, out of about 200 cases, 50 files have altogether disappeared. Letters were written to the various lawyers who had taken and never returned them. Many of these gentlemen never even troubled to reply to the letters. One of the best-known law firms in the city replied: "We know nothing of the files in the cases mentioned in your letter. Your list is erroneous."

Major J. C. Armstrong, of the Utah National Guard, is a type of the reply received in answer to the requests for the return of the files. One gentleman yesterday asked for six files, but he had not returned them. The order issued yesterday is the only means by which it can be stopped.

The new regulations, when any of the files are taken under a stringent order of the court, they may not be kept beyond the time specified in such order.

COURT CALENDAR.

Next Monday being a legal holiday, there will be no sessions of any of the courts. Cases set for Tuesday are as follows:

- Department No. 1—Judge Hall.
- No setting.
- Department No. 2—Judge Stewart.
- Law and motion matters.
- Department No. 2—Judge Morse.
- No setting.
- Department No. 3—Judge Lewis.
- State vs. Yeager.

Court Notes.

George Moore, who was on trial for robbing the store of one H. Crago at Sandy on the night of April 22, was sentenced yesterday by Judge Morse to two years in the State Prison for the same offense. The defendant withdrew his plea of not guilty and substituted a plea of guilty, with an appeal to the mercy of the court, also valuing time for his sentence.

P. J. Donohue, the well-known mining expert, has filed suit against Andrew J. Benoit, of French Creek, for \$25,000, which he claims is due him for his services. Mr. Donohue examined the Zelnora group of mines at French Creek, and alleges that he is entitled to the sum of \$25,000 for his services.

H. J. Bullock was awarded \$200 damages and costs against the American Smelting and Refining company in Judge Lewis's court yesterday. The plaintiff was a switchman in the employ of the defendant company at Murray and lost his life as the result of an accident in which some molten slag was poured over it.

In the case of W. C. Staines vs. the Utah Savings and Trust company, Judge Lewis gave judgment in favor of John A. Van Pelt for undivided one-eighth interest in the property and accounting.

Judge John A. Marshall will hold a session of the Federal court on Tuesday of this week, on account of Monday being a legal holiday.

In the case of W. H. Timmins vs. A. E. Hyde et al., in Judge Lewis's court, judgment was given for the intervenor and against the garnishee, a judgment in favor of the garnishee being dismissed.

Edward S. Perry has filed suit against J. S. Perry to recover \$200, which he states is due him for a loan.

The case of Salt Lake City and others against the Salt Lake City Water and Electric Power company and others was continued till July 6.

By the change in the arrangements of the court, that place yesterday four, as hitherto. The courts are still four in number, but the second department has been divided up and there is no fourth department any longer. In future Judge Lewis takes all criminal cases. In his court also all non-jury cases come up, and all matters for Salt Lake county. Judge Stewart takes all jury cases having an even filing number and Summit county in department No. 2. In the same department Judge Morse takes all jury cases having an odd filing number and Tooele county.

AND OFFICE.

ANOTHER OFFICE FOR SALT LAKE

Another railroad office is to be established in this city, the Red Line and West Short Line, a fast freight which operates over the Lake Shore and other Vanderbilt lines, the Philadelphia & Reading and Boston & Maine. K. O. Keyes is the agent, and as soon as he can he will open an office. He was formerly with the Paul and before that with the Oregon Short Line.

Railroad Notes.

W. A. Eccles, dispatcher for the Salt Lake route, has been called to Indianapolis by the serious illness of his mother.

General Manager R. E. Wells of the Salt Lake route went as far as Provo on business yesterday.

The Short Line's concrete waterway came into good use Friday evening.

The Short Line will move, on July 6, the Idaho militia to American Lakes, near Tacoma, Wash., for the annual encampment.

The work of stringing the cable across the Lucin cut-off will shortly be commenced.

A heavy excursion traffic is looked for today.

Frank Groesbeck, E. Drake, George Bible and J. Doolittle left last night for a three days' fishing trip to Cebello in Colorado.

Tomahawk by July 15.

Los Angeles by January 1.

The advertising man of the Burlington is getting out some clever stuff. His latest is: "Take your time. We will hurry for you."

Indiana Scientist Produces Life

With Chemicals He Astonishes Witnesses With Spontaneous Generation of Insects.

ANDERSON, Ind., July 2.—The spontaneous generation of animal life, in the form of insects, from chemical compounds, was accomplished and demonstrated here by Dr. Charles W. Littlefield, a local scientist. Professional men witnessed the demonstration, which was repeated for the benefit of skeptics. The scientist declined to make public an analysis of his solution, but stated that one of his compounds was as near to protoplasm as possible, while the other consisted of common salt, aqua ammonia and alcohol, the union of compounds arresting and controlling the vibrations of luminous ether and producing animal life.

A few drops of milk-white fluid were placed in an airtight case and with the aid of a microscope of 250 diameters there were visible innumerable minute black objects, apparently boiling in the liquid, then rising and flying or running wildly about the case. During the experiment the apparatus suddenly became aflame, destroying one case of the chemically made insects.

Dr. Littlefield will undertake to nourish the strange insects into higher creatures to ascertain what they will propagate. About one year ago Littlefield developed atoms of life germs from crystals of salt subjected to distilled water, aqua ammonia and alcohol, and stated that the time has experimentally produced a higher form of life from chemical solutions.

No Russian Ships Destroyed.

PARIS, July 2.—The French Ambassador at St. Petersburg has advised the Foreign office that, in response to his inquiries relative to the Japanese report of the destruction of some Russian ships at Port Arthur, the Japanese government has stated that Vice-Admiral Togo's report was incorrect.

Aerial Cable Across Salt Lake.

SAN FRANCISCO, July 2.—The Southern Pacific and Western Union Telegraph companies are, according to the Bulletin, preparing to stretch an aerial cable containing nineteen wires across Great Salt Lake, on the line of the Lucin cut-off. It is estimated that the cost will be about \$20,000.

TWO STEPS

The Last One Helps the First.

A sick coffee drinker must take two steps to be rid of his troubles and get strong and well again.

The first is to cut off coffee absolutely.

That removes the destroying element. The next step is to take liquid food (and that is Postum Food Coffee) that has in it the elements nature requires to change the blood corpuscles from pale pink or white to rich red, and good red blood brings good strong and healthy cells in place of the broken-down cells destroyed by coffee. With well boiled Postum Food Coffee to shift, to both these steps are easy and pleasant. The experience of a Georgian proves how important both are.

"From 1872 to the year 1900 my wife and I had both been afflicted with sick or nervous headache and at times we suffered untold agony. We were coffee drinkers and had been for many years. I had not known how to get away from it for the habit is hard to quit."

"But in 1900 I read a case similar to ours where Postum Food Coffee was used in place of the old coffee and a complete cure resulted, so I concluded to get some and try it."

"The result was, after three days use of Postum in place of the coffee I never had a symptom of the old trouble and in five months I had gained from 145 pounds to 165 pounds."

"My friends asked me almost daily what wrought the change. My answer always is, leaving off coffee and drinking Postum in its place."

"We have many friends who have been benefited by Postum."

"As to whether or not I have stated the facts truthfully I refer you to the Bank of Carrollton or any business firm in that city, where I have lived for many years and am well known." Name given by Postum Co., Battle Creek, Mich.

"There's a reason."

Look in each pkg. for the famous little book, "The Road to Wellville."

DISAPPEARS WITH

POTTED PLANTS

Mrs. Steiner Asks Sheriff to Find Employee Who Failed to Report.

MRS. C. STEINER, a widow, who runs a floral establishment, has asked County Attorney Whitaker and Sheriff Emery to assist her in locating L. P. Holcomb, one of her employees, who has disappeared. In fact, Mrs. Steiner has not heard from him since he started Holcomb off over a month ago, having supplied him with a horse and wagon and a load of potted plants. About two weeks ago she received a letter from him informing her that he had been successful in his business, thinking it would help increase her business, and thus enable her to better meet the liabilities on her property. With this hope she started Holcomb off over a month ago, having supplied him with a horse and wagon and a load of potted plants. About two weeks ago she received a letter from him informing her that he had been successful in his business, thinking it would help increase her business, and thus enable her to better meet the liabilities on her property. With this hope she started Holcomb off over a month ago, having supplied him with a horse and wagon and a load of potted plants. About two weeks ago she received a letter from him informing her that he had been successful in his business, thinking it would help increase her business, and thus enable her to better meet the liabilities on her property. With this hope she started Holcomb off over a month ago, having supplied him with a horse and wagon and a load of potted plants.
